1968 – 2009

*Architecturally significant
structures, districts, and designed
landscapes in the Pittsburgh region*

Awarded by the
PITTSBURGH HISTORY & LANDMARKS FOUNDATION

PITTSBURGH HISTORY & LANDMARKS FOUNDATION

Founded in 1964 and recognized as one of the nation's most innovative and effective **nonprofit** historic preservation organizations, the **Pittsburgh History & Landmarks Foundation** (Landmarks) works to:

- **identify and save** historically-significant places;
- **revitalize** historic neighborhoods, towns, and urban areas;
- **preserve** historic farms and historic designed landscapes; and
- **educate** people about the Pittsburgh region's rich architectural heritage.

Landmarks works within a 250-mile radius of Pittsburgh, PA; it includes a nonprofit subsidiary, **Landmarks Community Capital Corporation** (LCCC) and a for-profit subsidiary, **Landmarks Development Corporation** (LDC).

Landmarks' offices and reference libraries are located on the fourth floor of The Landmarks Building at Station Square.

If you are not yet a member of Landmarks, please join! Call 412-471-5808, ext. 527, for membership information or for details on our tours, preservation services, educational programs, and publications. Or, visit our website at www.phlf.org.

HISTORIC LANDMARK PLAQUE CRITERIA

In 1968, the Pittsburgh History & Landmarks Foundation (Landmarks) began an Historic Landmark plaque program to identify architecturally significant structures and designed landscapes *throughout Allegheny County*. **Beginning in 2010**, Landmarks expanded its Historic Landmark plaque program to include *counties surrounding Allegheny*, especially if the applicant site has some connection to the Greater Pittsburgh region, e.g., property owned by a leading Pittsburgher or the work of a distinguished Pittsburgh architect. Since Landmarks has extended its area of operation to within a 250-mile radius of Pittsburgh, it is logical to extend the reach of its plaque program also.

Buildings, structures, districts, and landscapes may be approved for an Historic Landmark plaque if all of the following conditions are met:

- they are remarkable pieces of architecture, engineering, construction, landscape design, or planning, or impart a rich sense of history;
- alterations, additions, or deterioration have not substantially lessened their value in the above respects;
- they are at least 50 years old and are located within Allegheny County or surrounding counties (see first paragraph);
- they are not located in historic districts bearing a plaque (unless of exceptional individual significance).

If awarded, the handsome 12" by 18" plaque will be ordered by the Pittsburgh History & Landmarks Foundation, but *the owner must bear the cost and properly install it*.

(continued)

An Historic Landmark plaque identifies the site as a significant part of our local heritage; it will not protect a building from alteration or demolition. The Pittsburgh History & Landmarks Foundation has only the legal power to remove the plaque if the owner has unsuitably altered the property.

The Historic Designation Committee, chaired by trustee Richard M. Scaife, generally meets once a year to review all nominations and to recommend awards. Contact Frank Stroker at the Pittsburgh History & Landmarks Foundation (frank@phlf.org at 412-471-5808, ext. 525) to request an application form. Or visit our website (www.phlf.org) and download a copy.

OTHER PLAQUE DESIGNATION CATEGORIES: LOCAL, STATE, AND NATIONAL

1. CITY HISTORIC STRUCTURES

http://www.city.pittsburgh.pa.us/cp/html/historic_review_commission.html
412-255-2243

- Granted by the **Pittsburgh City Council**, after a review process that includes the Historic Review Commission (HRC), City Planning Commission, and public hearings.
- Civic groups or individuals can prepare a nomination for submission to the HRC.
- City historic designation **establishes a regulatory process for the review of the exterior appearance** of all buildings that are designated (either individually or as part of a district).
- The **HRC must review and approve all visible exterior alterations**, including demolitions, new construction, and additions.
- Designation does not affect interior spaces.
- The **designation continues in perpetuity**, even if the building is sold to a new owner.

2. PENNSYLVANIA HISTORICAL AND MUSEUM COMMISSION HISTORICAL MARKER

http://www.portal.state.pa.us/portal/server.pt/community/pennsylvania_historical_marker_program/2539

- Administered by the **Pennsylvania Historical and Museum Commission (PHMC)** to preserve the memory of people, places, and events that have affected the lives of Pennsylvanians over the centuries.
- Nominations may be submitted by any person or organization. They are evaluated by a panel of independent experts from across the state, and then reviewed by the PHMC.
- If approved, the PHMC works with nominators to prepare the marker text, select dedication dates, and arrange dedication ceremonies.
- Nominators must share the costs of their marker's fabrication. Limited state grants may be available for half of the cost.

(continued)

- The PHMC assumes all responsibility for the upkeep of the marker once it is erected.
- This is an **honorary designation only** and does not impose any restrictions on the private property owner.
- The website www.ExplorePAhistory.com uses Pennsylvania's 2,000 markers in lesson plans for educators, tourists, and historians.

3. NATIONAL HISTORIC LANDMARKS AND NATIONAL REGISTER OF HISTORIC PLACES

<http://www.nps.gov/nr/>

202-354-2211 fax: 202-371-6447 email: nr_info@nps.gov

- Granted by the **National Park Service** of the U.S. Department of the Interior.
- Qualified historic preservation consultants usually prepare National Historic Landmark (NHL) and National Register of Historic Places (NR) applications. The process takes time and requires extensive historic documentation and current photography.
- The material awards of such designations to the property owner are:
 - considerable protection of the property against destructive projects **in which federal or state money is used;**
 - a 20% investment tax credit for the “certified rehabilitation” of an income-producing property (such as commercial, industrial, or rental);
 - NHL or NR properties are eligible for preservation easements, which can bring private developers significant financial gains through the tax code;
 - access to grants.
- Since these are federal designations, they do not put any restrictions on the private property owner. An owner of a NHL or NR property can make any exterior or interior alterations to the property, or can even demolish it.

NOTE: Non-residential buildings built before 1936, **not listed on the NR,** are eligible for a 10% rehabilitation tax credit.

With appropriate estate planning, your appreciated securities or real estate can be used to create a lifetime income for you and provide the Pittsburgh History & Landmarks Foundation with much-needed resources to restore our historic houses, churches, schools, parks, and gardens. You can help revitalize a main street in one of our neighborhoods, provide restored housing for low- to moderate-income residents, or put an empty church or school back into use.

Landmarks can put your securities and property to good work while bringing you:

- Lifetime income from your gift;
- Public acknowledgment of your gift;
- Federal income and capital gain tax savings;
- Avoidance of probate costs and estate taxes;
- Diversification of assets;
- Disposition of real estate and elimination of ownership costs and liability;
- The satisfaction of making a significant gift to preserve our western Pennsylvania heritage;
- Honorary life membership in Landmarks (minimum contribution required).

Call Jack Miller to discuss these donor options at 412-471-5808, ext. 538.
